PROMOTING EXCELLENCE IN EDUCATION

# PROFILE

Notting Hill College is a dynamic British institution established in 2004. Ever since our opening, Notting Hill College has been committed to providing a top-class educational experience that enables all students to progress and achieve their maximum potential in their professional life.

We provide vocational training and further education, and continuously work to ensure our programmes leave students ready for the modern job market.

Our endorsed programmes and Ofqual-regulated qualifications span the fields of teaching, education management and language, and aim to satisfy the needs of individuals in the private and public sectors.

## OUR BACKGROUND

Notting Hill College is a dynamic British institution established in 2004, which specialises in further education and vocational training. Over the years, we have developed various programmes which lead directly into the ever-changing professional job market.

Due to our continuous updates, innovations and stylish Virtual Campus, our programmes have attracted a network of ambitious students from the four corners of the world. Our quality-driven approach has given us a global outlook and has placed Notting Hill College at the forefront of the vocational training market.

Our expertise lies in the fields of teacher training and language training and we are extremely proud of our extensive alumni who are now qualified and able to use their qualifications in the United Kingdom and abroad.

## ACCREDITATION

Our adherence to the international standards of the training industry has enabled us to establish and maintain a global reputation for top-of-the-line courses and services.

Notting Hill College is accredited by the British Accreditation Council (BAC) for Independent Further and Higher Education as an Online, Distance and Blended Learning provider. We are a listed Trinity SELT Training Provider and an approved centre of the awarding body TQUK, which is recognised by Ofqual.

## GLOBAL INSTITUTION

Notting Hill College has been home to thousands of students from all over the world. Our flexible online study methods and global study centres allow for learners to enrol with us wherever they are.

Our offices and study centres are in the UK, Turkey, Egypt and the United Arab Emirates. We can connect you to a student advisor local to you, who will guide you through every step of the application process and help you find the right programme for you.

## LEARNING MANAGEMENT SYSTEM

Notting Hill College uses Moodle as a key component of its Virtual Campus. Moodle has helped us to create a secure and integrated system and a personalised learning environment for all of our students. The study materials for all qualifications, including handouts, presentations and assessments, are accessed on the Notting Hill College Learning Management System.

To fulfil our main mission of providing our students with a meaningful learning experience, Notting Hill College has utilised a range of interactive tools such as assignment submission, videos, quizzes, forum discussions and more.

Throughout the course we will be able to track your performance and monitor your progress. Our course leaders will follow you every step of the way and provide support as and when you need it. When you submit your work, our assessors will provide you with detailed feedback to help you identify your points of strength and weakness so that you improve efficiently and effectively.

In order to help you learn effectively and efficiently, we also use Google Classroom to provide blended learning. We can keep track of assignments coming in with a simple glance, making it easy to monitor everyone's status and to follow up with those of you who are struggling. This gives us more time to provide you with expert one-to-one tuition if needed.

## OUR MISSION

Notting Hill College is committed to excellence in teaching and a genuine care for the welfare of our students. We aim at developing our students' potential and empowering them to move forward in their careers by assisting them in gaining the maximum qualifications they are capable of achieving.

## OUR CORE VALUES

At Notting Hill College, we consider our Core Values in everything we do.

- **Excellence**  
We strive to develop and pursue higher standards of training. We continuously adopt the latest training materials, qualified trainers and rigorous assessment methods to meet and exceed students' expectations.
- **Truthfulness**  
We believe in being honest and we commit ourselves and others to the highest ethical standards.
- **Empowerment**  
We believe that our students should be equipped with the tools to set sound goals and achieve them.
- **Equality**  
We believe that all people are to be treated equally and with respect, regardless of their gender, race and religion and of their level of education, understanding and ability.
- **Cooperation**  
We encourage and value partnerships with other organisations and agencies to provide high-quality, comprehensive and competitive training and to share best practices.

## TRAINING IN THE UK

Notting Hill College has its headquarters in the UK. Our Manchester office is home to a team of tutors and staff working to maximise your education experience.

Gain a British qualification in the UK by choosing to study with us in Manchester, an exciting, multicultural city with endless opportunities to meet new friends, discover new hobbies and launch a career. We will support you in securing a study visa as well as transportation and accommodation.

## EDUCATION VERIFICATION SERVICE

Many employers require job applicants to verify their educational documents with a letter from the registrar's office of the college or university from which they were issued. Responding to this need, Notting Hill College has developed its new-to-the-industry Education Verification Service.

With this feature, students can print a verification letter at any time through the Notting Hill College website, authenticating their qualification.

## STRATEGIC PARTNERSHIPS

One of Notting Hill College's great strengths is our connections with visionary partners. Through these connections, we are able to provide our students with affordable, flexible pathways to achieving highly sought-after qualifications which were previously hard to access.

Our partnerships include the University of Sunderland in London and Trinity College London. In many cases, we are able to act as an international gateway for students wishing to join these established institutions.

## LEARNING FORMAT

Education is constantly evolving and the need for online education is now more apparent than ever. Notting Hill College has always prided itself on being at the forefront of education technology, with a state-of-the-art Virtual Campus made with the aim of the online learning experience being as close to the physical classroom as possible.

Along with the Virtual Campus, our programmes are available through our Distance Learning and Hybrid Learning study structures.

### Distance Learning

This route is for the self-guided, busy individual who wants full control over their learning. With this mode you will be given 24/7 access to the Learning Management System where you will find all course information and resources, and study and submit assignments at your own pace. You will still have access to a tutor should you have any questions.

### Hybrid Learning

With this mode of learning, you will receive all the benefits of Distance Learning plus up to twelve hours of one-to-one support with an expert tutor who will guide you through the course. The schedule is flexible and will be determined between yourself and our admission team in the UK upon enrolment.

### Virtual Campus

On the Virtual Campus, you will meet weekly with like-minded students from all over the world to engage in engaging discussions of key subjects and discuss real workplace experiences. This is a great opportunity to network with other professionals from a variety of backgrounds and cultures. You will still get all the benefits of a Distance Learning student.
