

# Diploma in Teaching and Managing a Virtual Campus

Take your teaching online

**Education  
and  
delivery of  
instruction  
have evolved  
and  
online learning  
rapidly  
emerged.**

**As online tools and interactions  
have become a key part of the  
learning experience, Diploma in  
Teaching and Managing A Virtual  
Campus aims to help educators  
practice using these tools in their  
teaching environment.**

**Who is this course for?**

**This course is for teachers, instructional leaders, delivering instruction at any level.**

## Course rational

Diploma in Teaching and Managing A Virtual Campus aims to help teachers develop new skills and understand the new learning platform, plan and deliver their lessons and overcome common online teaching challenges.
